MEMORANDUM FOR THE RECORD

Pers

11-10

SUBJECT: GSI Donations to CIA Welfare Association

1. I met with Miss Margaret Dolson, Assistant Secretary Treasurer of GSI to discuss the matter of donations to the CIA Welfare Fund. Miss Dolson explained that the method of obtaining such donations required formal notification to GSI of opening of a cafeteria or other food vending facility and a request to participate in the distribution of the amount appropriated by the Board of Governors. She also explained that it was the small amount of the last Agency share that prompted her to write the letter of 20 August 1962, addressed [redacted] informing us of these requirements.

STATINTL

2. As a result of Col. White's letter of 4 September the headquarters cafeteria is now officially recognized as all-CIA patronized and we will be credited with the revenue it produces starting with the 9th period which begins in early August. Henceforth we should receive donations at least equal to previous years. Miss Dolson also agreed to give us credit for patronage at R & S and Curie Hall cafeterias. With respect to [redacted] we will be required to give formal notification and request donations at the time the cafeteria is in operation.

STATINTL

3. Miss Dolson said she could not make donations earned earlier this year by headquarters cafeteria payable retroactively. The \$20,000 set aside for this purpose is paid out in four installments of \$5,000 each. Two distributions have already been made this year and the payments could not be recovered. Furthermore Miss Dolson said correction could not be made at the next payment on the basis of a recalculation for the entire year since this would result in a drastic reduction in payments to other welfare associations. In her view the error was ours and we must accept the consequences.

4. I explored with Miss Dolson the various methods of contracting for GSI services. Apparently GSA is the determining factor. Independent contracts are arranged only with Federal agencies whose properties are not managed by GSA. When GSA is in the picture it controls the contracting through Public Buildings Service and Miss Dolson was not aware of any PBS contract for cafeteria facilities with any organization other than GSI. We may be committed to GSI for life.

INCOME

1. On 3 March 1955 the old Agency Welfare Fund transferred the sum of \$3,403.92 to the present Welfare Fund (which also supports the recreation program).

Government Services Incorporated donates a percentage of their net profits, derived from operation of our cafeterias, for support of our welfare and recreation programs. GSI uses a system of "periods" by which to control their donations. The periods run from 1 thru 13 and payments are spaced throughout the calendar year.

In accordance with authorization received from the Board,  deposited \$2,000.00 in the Washington Permanent Savings and Loan Association on 14 January 1960. As of this date interest in the amount of \$74.33 has been earned by this deposit. \$13.34 was recorded on 14 January 1960 and \$60.99 was recorded on 12 January 1961.

## A. LEAGUE FRANCHISE FEES

Team franchise fees are paid to the D. C. Recreation Department to cover expenses for Officials (umpires & referees), Services (schedule, trophies, maintenance and use of athletic fields & gymnasiums), and participation in City-wide tournaments. The fees are actually payment for services and materials provided, without which these activities could not exist. Traditionally the mens' teams have paid half of the fee while our Recreation Program paid half.

## C. CLUBS AND GENERAL ACTIVITIES

Clubs, as we refer to them, are activities other than sports for which no franchise fee or specific inherent cost is specified. They are, however, supported from time to time with cash donations for the purchase of special items, i.e., a gavel for the Toastmasters Club, which remain with the club and serve the club members at large. Each such expenditure is individually considered by the Recreation Officer and approved by the Chief/BSD prior to a disbursement of funds.

		<u>\$120.00</u>

## D. OTHER EXPENSES

This amount is requested for miscellaneous expenses, i.e., postage, receipt books, etc., and for possible expenses which have not been anticipated. This fund would also be utilized to accomodate increases in activities and/or price rises.

<u>Activity</u>	<u>Budget Requirement</u>
Other Expenses	\$100.00

E. EQUIPMENT

SITUATION

In the past we have attempted to support our organizational components by providing athletic equipment for their unit picnics and outings. To do this we were using left over equipment, gifts of odd items, and by borrowing from our regular, organized athletic teams.

In the Budget Estimates for last year (FY 1960) a request was made, and approved, for \$180.00 to purchase athletic equipment with which to make three "picnic kits". Each kit was to be a wooden box, approximately the size of a footlocker, and would contain enough equipment to serve up to 75 people. Experience has shown us that too much breakage occurs when canvas bags are used to transport the assorted equipment.

EXPLANATION

The above mentioned equipment was not purchased because:

- (1) The Office of Logistics estimated the cost for making the three boxes to be \$140.00. It is felt that the initial expense of the boxes and the equipment (plus replacements) makes the cost prohibitive.
- (2) We discovered that some of the outings, for which we were requested to provide equipment, were neighborhood affairs, not necessarily for CIA personnel.
- (3) We were informed that the D. C. Recreation Department would loan, without charge, complete picnic kits to any group of people upon request. The Department assured me that they can, and do, handle a considerable volume of requests. This information is included in our Newsletter at appropriate seasons of the year.

(continued)

# RECOMMENDATION

In view of the above, it is recommended that the Agency discontinue attempting to provide recreational equipment for office picnics. It is further recommended that we dispose of the odd items we presently have on hand. If such action is approved, it is requested that the Board decide upon a form of disposition. Some possible means of disposal are: (1) In the form of a gift to the OTR Field Training Station, or any other Agency component having need for such equipment, (2) In the form of a gift to Goodwill Industries, Salvation Army, Boy Scouts, etc., (3) Sale to individual Agency employees at a "fair market value", or (4) Return to the Office of Logistics to be put in stock.

<u>ITEMS</u>	<u>AMOUNT</u>	<u>CONDITION</u>
Volley ball & net	1	Fair
Croquet - mallets	6	Fair
balls	4	Poor
Badminton Rackets	3	Good
Badminton net (w/poles)	1	Fair
Web Feet (swimming)	4 pair	Good
Picnic Jugs (Gallon)	5	Good
Horseshoe Set - shoes	8	Good
stakes	2	Good
Duffel Bags	3	Good
Fencing Outfits (foils & suits)	5	Good

In addition we have four basketballs and a football. It is proposed that we keep these items as they are either on loan or committed to our active, organized recreational activities.

SUBJECT : Savings Account

STATINTL

1. In a meeting of the CIA Welfare Assistance Board on 9 December 1959, [redacted] was commissioned to investigate the possibilities of investing 2 or 3 thousand dollars of the Welfare Fund in a savings or building and loan account.

2. On this date, 14 January 1960, \$2,000.00 of Welfare Fund money was invested as a Savings Account in the Washington Permanent Savings and Loan Association. Interest is at 4% and dividends are declared quarterly and credited to each account the last business day of March, June, September, and December.

3. In our bookkeeping system one column (of the Cash & General Journal) is listed as "10- Cash in Bank". In all of our references the "Bank" is understood to be the Credit Union. With the addition of the savings account as mentioned in paragraph 2 of this memo, we actually now have two banks instead of one. In future references the "Bank" will continue to be the Credit Union and any reference to the savings account will be to the "Bank" but also will carry the indicator, (SL).

This amount is requested for miscellaneous expenses, i. e., postage, receipt books, etc. Also for possible expenses which have not been anticipated. The funds requested in other portions of this budget (other than clubs) are exact amounts expended in FY 1959. This fund would also be utilized to accomodate increases in activities and/or price rises.

<u>Activity</u>	<u>Budget Requirement</u>
Other expenses	\$100.00

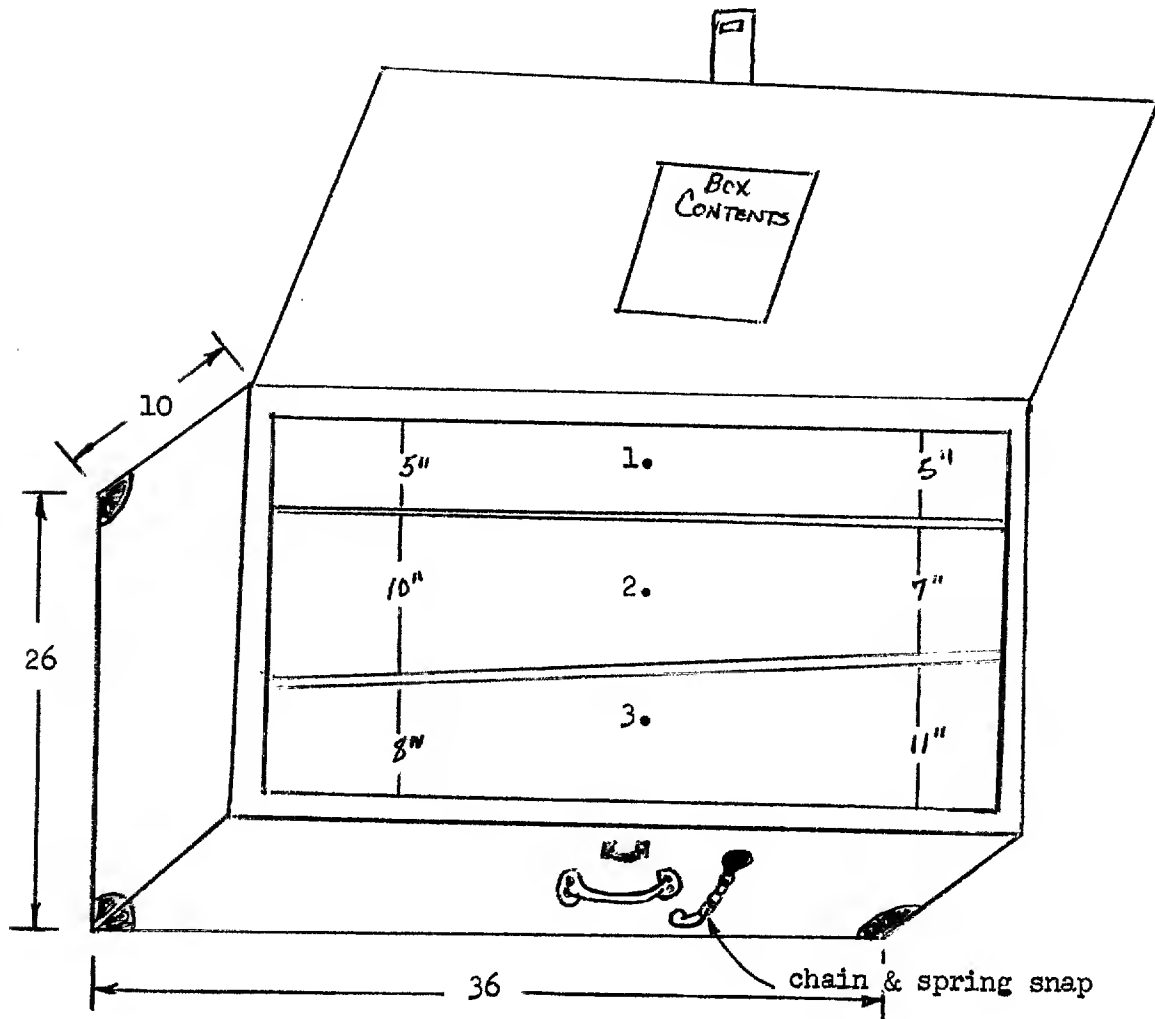

## E. EQUIPMENT

In addition to the other recreational activities we have encouraged organizational components to hold unit picnics and outings. We feel that this is a profitable investment which promotes greater on-the-job efficiency, bolsters morale, and pays dividends in Agency unity and interest. To date, in 1959, we have supported 18 such outings involving over 1300 employees. This support is currently being provided by using left over equipment, gifts of odd items, and by borrowing from regular teams (for example, the MPD softball team).

In order to support these activities in a first class manner, and with a minimum of time and energy expended, it is proposed that standardized "picnic kits" be made. Each kit would be a box (which could be made by the Office of Logistics) that would serve up to 75 people. See attachment, and would contain the following items:

Two softball bats, three softballs, one football, one volleyball and net, one complete badminton set. We already have a horseshoe set, a croquet set, and several one gallon thermos jugs which can be loaned too, if desired. Each set should cost a maximum of \$60.00 not including the box. It is felt that three kits would be adequate. In subsequent years the cost should be minor as the only cost would be replacement of individual items.

PICNIC CHESTS.

CHEST CONTENTS:

1. Softball- 2 bats, 3 balls
2. Volleyball & net; football
3. Badminton- 4 rackets, birds, net and poles
